Hi Mike,

Sorry I missed your call. I'm available today until 5:15 or so, and available all day tomorrow as well.

I wanted to chat with you about our site assessment work at the Columbia Falls Aluminum site. Victor Ketellapper let me know that you might be interested in coming to the site during our sampling activities next week, which is fine with me. I just wanted to get in touch with you to give you any info that you may need on the site and fill you in on our sampling logistics.

Feel free to give me a call when you have the opportunity or we can try to meet in person tomorrow. Have a safe trip to Denver.

Thanks,  
Rob
